Long, Longer, Longest [of the series of seven]

By bmuse

This is book Three of the seven full-length satirical novels in Douglas Lindsay's series on Glaswegian barber Barney Thomson. And it does not seem a spoiler to me, to observe that when there are seven Barney Thomson novels, you know he will somehow live through the third to see the fourth. Although Thomson in truth dies more than once during the series....

In paperback, A Prayer for Barney Thomson spans four hundred pages. Take out the rhapsodic passages about Elvis Presley, and you would probably end up with a novel of the same length as the other, shorter six books [leaving aside the three novellas].

In my opinion, you need to read at least the first of the books, titled The Long Midnight of Barney Thomson, for background in order to understand Book Three. A Prayer for Barney Thomson begins where Book One was set, in Thomson's native Glasgow; it ends up at the University of St. Andrew's, a long way from home.

UK pro football [soccer] and Teletubbies don't much amuse me, however to judge by other reviews there are numerous other readers who get a big laugh out of them. Christmas and Santa Claus get it taken out of them, in this installment, as do anonymous self-help groups. Prayers, by the way, are indistinguishable from nightmares in Barney Thomson's world.

What most interested me were two categories of characters: Barney Thomson himself, liberated from his mother and his marriage, and developing a conscience and a nascent sense of self in between nightmares both sleeping and waking; and the police force of Glasgow's West End, with a number of returning characters from the earlier books. Ultimately, I am less fond of this Barney Thomson installment than of the others.
