## ACROBAT BY MARY CALMES PDF

Forty-five-year-old English professor Nathan Qells is very good at making people feel important. What he's not very good at is sticking around afterward. He's a nice guy; he just doesn't feel things the way other people do. So even after all the time he's spent taking care of Michael, the kid across the hall, he doesn't realize that Michael's mob muscle uncle and guardian, Andreo Fiore, has slowly been falling in love with him. Dreo has bigger problems than getting Nate to see him as a potential partner. He's raising his nephew, trying to leave his unsavory job, and starting his own business, a process made infinitely more difficult when a series of hits takes out some key underworld players. Still, Dreo is determined to build a life he can be proud of—a life with Nate as a cornerstone. A life that is starting to look like exactly what Nate has been seeking. Unfortunately for Dreo—and for Nate—the last hits were just part of a major reorganization, and Dreo's obvious love for Nate has made him a target too.

I Wish It Was Longer

By Ann871103

Although I really liked this book I'm only giving it three stars because the two main characters don't hook up till half way into the book...and while the beginning of the book is OK and learning about the characters is great before they have a relationship and have sex (which is my favorite part because i like the way Mary Calmes write) I was left disappointed when it ended because it felt like the relationship just got started. So while it was a good book if your a fan of Mary Calmes you'll like this new one....it was too short for me....but maybe there will be a second book!!!!

Nate Is On a Quest to Find Love- Satisfying Read

By Sophia Rose

I saw the blurb on this book and just had to read it. And having read it? Very satisfying!

It started with a nice introduction about the cover art. The painting that is the cover was what inspired the author to create the whole story. I just love learning how a book is born.

This particular story is an m/m romance, but it is one of the unique ones in that genre (at least that is my humble opinion). I have to read through many book blurbs in this genre to find the heartwarming ones since I am partial to slow build relationships and I like the inclusion of family and daily circumstances that make the characters and their stories more real to me. Not to say, I can't enjoy any other pace and plot style, but this is my favorite type. I guess what I just said can be construed as a promise or a warning depending on what YOU enjoy. Don't get me wrong in thinking that Acrobat was boring because it was not. There were some definitely exciting and passionate moments, but these were also sprinkled with the main character, Nate, doing a lot of thinking and re-accessing his life.

The story is about a man in his mid-forties who is a college professor. He is well-liked and has a good life with plenty of family and friends, but he is missing something. He thought he found that something with his former partner, but his former partner is a police officer who was not willing to come out of the closet because of his career. Nate has an interesting family dynamic in that he is a gay man with an ex-wife who has been and still is his best friend and a loving, accepting grown up son. Nate and his ex, Melissa, only got together because one night's mistake when they were teens made a baby. Now, Melissa is hap'ly remarried and nagging Nate to find his true love.

Things start to happen in Nate's sedate life as he is involved in taking care of the lonely teen boy, Michael who reminds him of his absent son, living across the hall with his much-absent, formidable and enigmatic, Uncle Dreo. At the college, Nate is forced to deal with faculty jealousy and politicking and the sudden return of a former student, Sean, has the potential to give his love life a boost.

But its not until the Chicago mafia gets involved that his life really takes a turn.

As I mentioned before, the plot starts out slowly really delving into Nate's character before it goes to some more active scenes. There are several mini plots that all tie-in to Nate's life and the story switches back and forth between them though not in a confusing way.

The descriptive background offered by different aspects of Chicago: the neighborhood and apartment building, the college, the restaurants and entertaining and the Italian traditional family stuff with Michael and Dreo was fascinating and just added to the richness of the plot.

The characters were great. As I got to meet each of them, I liked the way each one had a backstory and were real instead of just background for Nate. I really like how Dreo was written. There was a little disappointment because I wanted more of him. He was larger than life. For most of the book, his thoughts are unknown and we just have those well described facial expressions and body language to give us hints. Unfortunately for Nate, we as the readers catch on before he does so I spent some of my time muttering to Nate (yes, I called him names even though I like him- very bad of me I know). Michael was a fun character when he was in the scenes and I loved his interactions with Nate.

So for those who like a slow build romance with lots of backstory, this is definitely the book for you.

Great story!

By Antaris

I'm a huge fan of Mary Calmes and Acrobat would have to rank in the top 5 of my favorites from her. Ann87's review is spot on and would have to agree that Calmes changed up her formula of story telling a bit in Acrobat.

The first half of the book doesn't provide much direction but the readers are immersed with her usual lovable characters as they are developed. While there was romance throughout the book, the true love interest didn't occur until much later and even then, it was subtle realization that two neighbors who had a mutual goal in raising a teenaged boy (Dreo as the adoptive parent and Nate as the boy's friend/mentor) meshed so well together. One of my pet peeves with some of her previous books (and the genre in general) is instant attraction followed by multiple scenes of sex which disrupt the story flow. (I understand a lot of that is added at the behest of publishers.) Acrobat had the right mix that blended in well.
