ANTONIO CARLOS JOBIM FOR CLASSICAL GUITAR BY PAULO BELLINATI PDF

In this collection, masterful Brazilian guitarist Paolo Bellinati has meticulously transcribed his solo guitar arrangements of ten melodies by his beloved countryman and pioneering bossa nova composer, Antonio Carlos Jobim. Bellinati particularly labored over his arrangements of Jobim's instrumental compositions, i.e., songs without lyrics as these 'reveal a much more sophisticated Jobim, closer to his favorite classical composers...'

The book also contains arrangements of lyrical songs 'of a more introspective and romantic character,' including 'Luiza' which Bellinati regards as 'the most beautiful and perfect Brazilian song ever written.'

The book also includes substantial biographies of both the author/arranger and the composer, plus a notation key illuminating the special techniques needed to effectively render these arrangements- all lending additional insight to the music itself.

Really nice but very hard

By Kindle Customer

This book has the arrangements exactly as played on the video, however a couple of the nicer songs were left out due to copyright issues as the author explains, he says they may be available in the future. The arrangements are divine, but they are not easy by any means, even the slow songs, but they pack lots of beauty and introspection.
