From the Inside Flap

You've got daughters? Then you've got questions. Parents, teachers, and others involved in shaping the character of girls have a lot on their minds: Are girls really fundamentally different from boys? If so, should they be treated differently? Whoever said that girls are "sugar and spice and everything nice" never met my teenager. What can I do? My adolescent daughter seems to be on an emotional roller coaster. One minute she's giddy with excitement; the next she's moody and withdrawn. Is this normal? As a mom, I so badly want to be "best friends" with my daughter. Why isn't it working out the way I dreamed? How does a dad's role in his daughter's life influence her character and decisions--including her eventual choice of a husband? How can grandparents contribute to raising a healthy granddaughter? What's the best way to educate girls? How are girls affected when their parents divorce? What should we be doing to shape the next generation of women? In "Bringing Up Girls," Dr. James Dobson, America's foremost authority on parenting, tackles these and many other questions, offering wisdom and encouragement based on a firm foundation of biblical principles. JAMES C. DOBSON, Ph.D., has devoted his career to helping children and families. A licensed psychologist and a marriage, family, and child counselor, he served on the faculty of the University of Southern California School of Medicine for 14 years and on the attending staff of Childrens Hospital Los Angeles for 17 years. He holds a Ph.D. in child development from the University of Southern California. Heavily involved in governmental activities related to the family, Dr. Dobson served on the task force that summarized the White House Conferences on Families and received a special commendation from President Jimmy Carter. He was appointed by President Ronald Reagan to the National Advisory Commission to the Office of Juvenile Justice and Delinquency Prevention. He has also served on the Attorney General's Advisory Board on Missing and Exploited Children, the Department of Health and Human Services' Panel on Teen Pregnancy Prevention, and the Commission on Child and Family Welfare.

Great guide for parents to understand their daughters

By Rosie

Purchased for my daughter in law as I read Dr. Dobson's Bringing Up Boys. As I was a single mom raising two boys and a girl, I gleaned great insight to the male psych. Wow, God truly created us to not only be unique, but to compliment one another. Would also recommend Wild At Heart to even deepen understanding of why men are the way they are.

Disappointed, but really liked 'Bringing up Boys' book.

By J. Fisk

I gave this to my daughter, who asked for it at Christmas. I asked her for a review, and she said:

"It spent a lot of time reviewing statistics about girls in situations (single parent families, etc.) that doesn't apply to me. Mainly told how much danger girls were in from society. But I was looking for something different. It wasn't nearly as helpful as the 'Bringing up Boys' Book' for my situation. "

Fantastic Read

By Micah J

What a resource. I learned so much from this work. Truly eye-opening, and equipping. Dr Dobson is always articulate and clear, and his passion jumps off the pages. Highly recommend this book for parents and soon to be moms and dads.
