Save your money.
By kerry
Save your money. This 'book' has no worthwhile information about CCNA certification. This is just generic tips on studying. You could do a find and replace and change the subject matter. Makes me wonder if Amazon even looks at what they offer to sell.

1 of 1 people found the following review helpful.
... learn about CCNA networking and this book can be useful for every beginners to get hold over this new ...
By Bonnie R. Egan

Networking is getting popular day by day and its going to need for everyone to learn about CCNA networking and this book can be useful for every beginners to get hold over this new emerging techonology.
