Most helpful customer reviews

2 of 2 people found the following review helpful.

I highly recommend this book

By Julie Peterson

I use this text for my intermediate ESL writing class at a local community college. The focus of the course is to learn paragraph writing. This book does a thorough job of introducing steps to writing 6 types of stand-alone paragraphs, and it also includes sentence structure, grammar and punctuation rules. Many of the problems that students encounter when learning academic writing are addressed with explanations and exercises. I highly recommend this book.
