I purchased this book about fifteen years ago and purchase this copy to add to my reference collection.

By Samuel Jackson

Shil-Ponde toured the US in the early thirties, a tour to enlighten the West to the validity of Vedic Astrology. There are those that have tried to label him some kind of barker. However, I've been using his teachings since the middle '90s. Astrology has many quirks and validity problems. This book provide you with an alternate view of any problem one may encounter. I rank Shil-Ponde with Robert Hand, Reinhold Ebertin, PK Vasudev and MK Agarwal. Understand, I am not an astrologist. I consider myself more of a chronologist, one that correlate events to current heavenly configurations. My goal in life is to help the many and not the few that's doing just fine. This can only be accomplished with God's held through Astrology.
