Quick Menage Story

By Wolverine

I love a sexy, well written, menage story and this one did not disappoint. The only reason I didn't love it and give it 5 stars is because I wish there had been more to their story. How did it all work after they hiked off that mountain? Did Jake and Connor stay friends afterwards? Was Julie really able to handle a relationship with two guys in her life? If anything an epilogue would have been great. Marie Carnay is still one of my favorite authors and I have never read one of her books where I thought I wouldn't recommend it for a quick read.

Loved it!

By Lorraine Brattin

Just amazed by the story with Julie, Jake and Conner. Such hot sex scenes. Nothing like being stuck in a cabin with a blizzard outside and two gorgeous, virile men on the inside. Oh the fun to be had. Thank you Marie Carnay.

My first ménage romance....

By CRush99

Aside from a couple of typos, the story's pretty good. Quite enticing. I will read a couple more of her books and form more opinions of Ms. Carnay's work.
