So, you can proceed every time you have cost-free time.

## Review

As a lover of storytelling and literature, my tendency is to have deep emotional responses to whatever I am reading. Every so often, a book comes along that, as I delve deeper into the pages, is something like peering into a body of water and seeing the wonder of stars and ancestors reflected back in glorious undulation. Forgive the flowery simile, but that is exactly how I felt as I cradled Leanne Simpson's latest book *Islands of Decolonial Love*. I say cradled, because I felt something close to reverence as I was drawn into each short story and poem.--Jamaia DaCosta, Muskrat Magazine

wasaeeyaban (Anishinaabe)--the first light, just before dawn. I don't think writers make up stories, stories run around looking for a writer to tell them (if they are any good) otherwise they tend to be trite in the telling. I am glad these stories found the delicate hand and steel-wired beautiful voice of Leanne Simpson to bring them alive. Leanne is a listener and she was fully awake when she listened at dawn to all these stories and committed them to these trees (right, that would be pages, even though pages are really trees) and birthed a marvelous collection of stories (that are also poems) to illuminate the Anishinaabe experience in a way that turns the light on inside the reader--not just any light, but dawn's first light, the light that counts, the light that stories our very lives, makes us plan something completely different from the sticky mud of same ol', same ol'. *Islands of Decolonial Love* is the sort of book I have been looking for all my life--the kind of book that is going to make me a good writer, a good listener, a good citizen--it is going to wake up everything that is brilliant in everyone that reads it.--Lee Maracle

Leanne Simpson's lovingly drawn characters work hard to preserve their innocence in a world where irony and cynicism would be easier. They spend a lot of time travelling: on land, on the water, through space and time--in cars, trucks, fishing boats, canoes, and in their minds; between bars, forests, reservations, curling rinks, kitchens, lakes and highways. These exquisitely rendered journeys become symbols for our desire to understand and never stop learning, no matter the cost. There is heartbreak here but also many moments of fleeting grace, and a wry humour that promises to keep us safe.--Ursula Pflug

Leanne Simpson is a masterful storyteller and an integral indigenous voice in modern literature. Her work over the years has eloquently and powerfully captured the unique experiences of the first peoples of Turtle Island, and *Islands of Decolonial Love* is no exception. With precise craft, this new collection explores the

many complicated facets of the contemporary Indigenous struggle to maintain tradition in a rapidly changing environment. The use of Anishinaabe language and custom in the prose and poetry resonates loudly and invokes a great sense of pride. Meanwhile, the challenge of balancing urban and reserve life explored in the pieces is easily relatable and can provide a crucial window into the experience for non-Indigenous readers. The power of Simpson's storytelling is already spectacular on the printed page, but her spoken word performance is stunningly monumental. The audio component of *Islands of Decolonial Love* is essential listening to truly experience the complexity and beauty of the many sentiments and ideas she expresses. Thanks to the work of some of the most cutting-edge musicians out there, her already crucial stories become audible masterpieces in song.--Waubgeshig Rice

The reader is forced to bear witness to colonialism's centuries-old damage on Canada's First Nations people. Of Michi Saagiig Nishnaabeg ancestry, Simpson draws painful portraits of everyday life, many personal, which exhibit the hereditary nature of colonialism's scars. Simpson traces these scars with a delicate finger, writing with a fragility punctuated by moments of anger and sadness. Her raw prose spills across the page in a tumble of complex thoughts and emotions.-- Natascia Lypny, *Telegraph-Journal*

How many lives, Leanne Simpson, have you lived to create this most incredible collection? Astounding storytelling. Wondrous prose. *Islands of Decolonial Love* is a constellation of galaxies that I never want to leave. Wow!--Richard Van Camp

Life is constantly creating and you require some new book [Islands Of Decolonial Love By Leanne Simpson](#) to be recommendation constantly.

# ISLANDS OF DECOLONIAL LOVE BY LEANNE SIMPSON PDF

In her debut collection of short stories, *Islands of Decolonial Love*, renowned writer and activist Leanne Simpson vividly explores the lives of contemporary Indigenous Peoples and communities, especially those of her own Nishnaabeg nation. Found on reserves, in cities and small towns, in bars and curling rinks, canoes and community centres, doctors offices and pickup trucks, Simpsons characters confront the often heartbreaking challenge of pairing the desire to live loving and observant lives with a constant struggle to simply survive the historical and ongoing injustices of racism and colonialism. Told with voices that are rarely recorded but need to be heard, and incorporating the language and history of her people, Leanne Simpsons *Islands of Decolonial Love* is a profound, important, and beautiful book of fiction.

Everyone should read this

By Amazon Customer

This is an incredibly beautiful book. I read this and a book about the Dalit struggle in the same weekend and the two complemented each other in important ways. This is, without a doubt, a book everyone should read.

1 of 1 people found the following review helpful.

White People Should Read This, Too

By shoplocal

Powerful novel/poetry/autobiographical accounting of being a First Nation's woman...written to resonate with indigenous people, but will give white folks deeper understanding of the legacy of colonialism and why we have a responsibility now to work to heal the wounds from hundreds of years ago.
