In the last book of the *KIDNAPPED* series, many things happen to the Falconer family. Meg has escaped and is trying to survive in the mountainous wilderness when a blizzard hits.

Aiden is with Agent Harris looking for Meg while Louise and John Falconer are living with Agent Mike Sorenson--a man who hasn't broken a rule or taken a chance in his whole FBI career. More and more answers are being found...but more and more questions are being asked.

Now everyone is in a remote area, frantically searching for answers, and trying to find Meg. Find out in *THE RESCUE* what happens--is Meg saved by the FBI and reunited with her family, or are the Falconers left with grief over the loss of never getting their daughter back?

I give this whole series a big two thumbs up! The roller coaster keeps you going until the very end. I've

already told all of my friends that they have to get Abduction (Kidnapped), Kidnapped Book: The Search (Kidnapped), and THE RESCUE. I think you should definitely read this series if you like very thrilling books. It feels like you are actually there living it!
