Great history of the M1 tank.

By A Reader

Excellent book. Usually this series is mostly photos and little content. M1 Abrams Tank has maybe the best summary of the development history of the M1 up to 2015. A must get for any tank enthusiast. A nice selection of photos as well.

... model builder I am always on the lookout for good reference material

By danzig96

As a modern armor model builder I am always on the lookout for good reference material. Mr. Green's book covers the M1 from the prototype 105mm version all the way to the latest SEP version. For the price it's hard to beat.

this offering lets you see just how our tax dollars bought the best tank there is

By Robert Abel

An interesting series of books, each offering covers a specific vehicle, and this one covers the M-1 during

recent engagements abroad. Very well illustrated, this offering lets you see just how our tax dollars bought the best tank there is, and what it can do. This volume is one worth owning.
