Outstanding; Financial Grace and Wisdom without the Legalism. Who knew?

By Stephen W.

Wow! Thank God for this book! What an incredible gift, for us to be able to actually hear the same Holy Spirit who gave Solomon his wisdom, Abraham his wealth, and led Jesus and His followers into successful ministries. God knows virtually everything about every person, investment, and situation on the planet, and I'm amazed at how hungry this book has made me to know the Holy Spirit better. Mr. Wells' book is very

uplifting and full of hope for anyone who needs God's help. It is chock full of testimonies and promises on how God can, and will, talk to us about anything we could possibly need to know. This book is more about the Holy Spirit's leading than money, and now, more than ever, I want a walking, talking relationship with God as Wells convincingly writes about in this book. If you don't want more of God, don't get this book. But, if you do, buy it now!

The Bible affirmed fact that God will help us to make money, without all the legalism that is usually taught, is probably a major revelation for most of us. After reading this book, I feel totally released from the limitations and burdens placed on me from my religious background. I finally feel that I'm really part of God's family, and that He actually "wants" to bless me. The guessing and mystery of obtaining God's help with money matters is finally solved.

Thank you Mr. Wells.

Eye Opener

By SHOFAR

I loved this book! I would give it 10 stars if they would let me. I was immediately hooked when I read the excerpt on the back of the book that pointed out how, when Peter needed money for taxes, Jesus simply told him where to find the money he needed. How easy is that? There was no jumping through the usual religious hoops, no rebuke from Jesus, no fellow disciples trying to tell Peter why he was in that situation and that being poor was a good thing; and there was no period of "financial probation," as is often implied in the church, before God would meet this very real financial need. This is probably way too much grace for most of us, but it's still true!

What a concept? Financial provision as a part of redemption and grace, without having to prove that you deserve it! Believing that God will actually talk to us, and lead us to financial opportunities simply because we belong to Him, is almost too good to be true, but the abundance of scriptures mentioned in this book are incontrovertible, and it is true. As with Wells' other books, this one is very liberating, sensible, and full of useful information. Thank God for Wells and others like him who are able to take a simple subject that has been polluted and made to be difficult, and bring it back to the uncomplicated, raw basics that will work for anyone. The Gospel truly is good news when the confusion has been stripped away.

Church can't afford to be ignorant any longer!

By Ted Campo

The Church needs to know the Fullness of each believer's redemption through our salvation which includes a new life in Christ, divine healing, prosperity, and wealth. Bruce Wells does an excellent job of teaching believers Whose they are and what was guaranteePulpit in my Kitchend to them individually upon The Cross of Calvary 2,000 years ago. He dares the reader to forsake tradition and legalism for a new found freedom in Christ by examining God's Word and challenging us to believe God for the ENTIRE package of grace in the "now". This book is both practical AND scriptural.It is must reading for those who chose to do it Christ's way, not man's.
