Great book for siblings of twins!

By Leeann B. Harvey

As a child psychologist and a parent of 4, I highly recommend the Paris Morris book series. My kids love the bright, charming illustrations and the voice of the child narrator. I am impressed at how complex issues such as sibling rivalry are dealt with in such simple and elegant prose. The travel books are excellent as well. The whole series very effectively presents a "child's-eye" point of view.

Excellent book for big sister/brother of twins!

By familyof5

Being an older sibling of twins can be a challenge (especially when your two siblings are sharing and celebrating a birthday). This series of books is a wonderful resource. We bought this book for a gift for our oldest child to give on the birthday of the twins. It was great!

Fun Books for Kids

By gormygirly1224

Demonstrates great ethics about family with use of words & colorful pictures. The characters are still animated, but look very lifelike as well. Really cute idea in this book about the birthday party.
