Learn from some of the world's greatest leaders

By Gerilyn

What an inspiring read! Mr. Humes references a multitude of leaders from all over the world, spanning centuries. There are a number of similarities between all the great leaders, yet each found a way to use his/her natural talents to rise to the top of his/her field. I recommend this for anyone, not just those in managerial or ownership positions, as it is a useful guide in how to deal with others in a respectful and positive way.
