Highly Recommended for Stroke Survivors

By catwoman

This excellent resource is RAPIDLY helping my husband recover his speech. My husband had a stroke 5 years ago. 3 years of speech school helped him recover a lot of speech, but when the school ended, his speech slipped away. This miracle book has helped immediately. He is talking a lot. He is regaining his normal happy disposition. He is losing his deep felt frustration as his speech slipped away.

Get this book. A little time each day skipping through the exercises revives SPEECH!
