Setting A Cuddle Clock

By rainbowtourist

As always with this author's books I try and find my favorite line and when Adra suggesting a cuddling quota that was what gave me the biggest chuckle. For anyone reading this book after me, and as I am the first review that would mean everyone...it was me who highlighted most of the book. My index finger was tired by 30% from all of the highlighting I did. I am a huge fan of Ford and Adra and waited not so patiently for their story to be told. There was an air of mystery about them in all of the Club Volare books. It was also great to see Lola and Roman playing a big role in this story and When Lola ordered every appetizer on the menu it was just plain LOL. I won't give any spoilers as far as what kept Ford and Adra apart for so long but I will once again let it be known that Chloe Cox is a master of banter, of realistic conversations and for setting up a scene that is so detail oriented the reader feels a part of the scene. As usual the hot compass points to steamy, I would compare it to a pressure cooker and there are also a lot of characters introduced in this book and one who I believe we will be reading about soon. I received an ARC for an honest review and I will admit about 2 days before I received my happy email from Chloe explaining the delay I want to go on record that I will happily do your grocery shopping, watch your kids, and shop vac your flooded basement if it means getting your next book out sooner. This is a book to savor and I delighted in every delicious minute if it.

Long awaited!!

By voracious bibliophile

I have been awaiting Adra and Ford's story for awhile! I wasn't disappointed in the least. I could feel the tension and longing between these two for the past few books, so this was highly anticipated! Ford is just as intense as I imagined and boy does he know how to get down to business. I need a Ford of my own (please romance gods!) Adra is strong and loving but has an unhealthy view about what love could be for her. She is open to giving her body but not her heart. Ford is willing to go at her pace but in the end he is relentless at pursuing Adra. I would give this 5 for 5 on the hotness scale, it was intense and blush worthy without possibly scaring a reader that is a newbie to BDSM. It has a great HEA that ties the story up nicely and gives the location for the next club!! This is for sure going into my reread list.

Don't miss this book!

By KLV

I am new to reading BDSM. I like the trust between the partners, but in some books the public BDSM scenes ruin the romance. It is just straight sex. I like romance. This book had romance! You care about the characters, you feel for them. The writing was real and very funny. Having the battery operated bullet go off during an interview? I was laughing so hard! The only reason I could not give this book 5 stars was for the angst. To me, their reason for staying apart at first, didn't make sense. It felt contrived and fake. Being a Dom, no way would he just accept Adra telling him to stay away. His past wasn't that traumatic. The whole book, after they began to talk and dance around each other, was freakin awesome. The love scenes were hot, but romantic. Totally won me over!
