Review

"This is a good book. An honest and thoughtful book. Every young man should read this--and every man who still feels young inside should read it too."

John Eldridge, author of *Wild at Heart* and *Love & War*

"This is not only very well written, but it also engages you with its honesty and guts. Xan has found a way to speak truthfully to the longings and dilemmas of young men today. He will speak to and for many men in our world."

Richard Rohr, OFM, *Men as Learners and Elders*, Albuquerque, New Mexico

About the Author

Xan Hood is an author and the co-director of Training Ground, an experiential discipleship program for young men. He grew up in affluent Brentwood, Tennessee, but after college, like thousands of men before him, he decided to head west. Xan now lives in Colorado Springs, Colorado with his wife, Jayne, and daughter Kruzie.

Besides, this way will certainly likewise boost your life quality.

SWEAT, BLOOD, AND TEARS: WHAT GOD USES TO MAKE A MAN BY XAN HOOD PDF

By the time he graduated college, Xan Hood appeared to have everything a young, privileged modern male needed for success and adulthood.

But like so many others his age, he was afraid to take that next step. So he took a slight detour and headed west, surrounding himself with a class of men he had been raised to avoid. Follow Xan as he learns lessons that can only be taught by God's grace, hard work, and the presence of older men.

Sweat, Blood, and Tears is a searingly honest coming-of-age story. It is a look at how God raises a man--a story for young men and those who love them.

Insightful non-fiction read about the making of a man

By Stacey

I would like to extend a heartfelt "Thank you" to Xan Hood and his publisher for sending me a copy of "Sweat, Blood & Tears" to review for them. I am truly grateful for this generosity. I really appreciate the time, effort and expense it takes to make a reviewer copy available to me.

When I requested a reviewer copy of "Sweat, Blood and Tears: What God Uses To Make A Man" by Xan Hood, I hoped to discover the secret key to understanding my husband. I want to know what makes my man tick...what motivates him...what encourages him...because, on my own, I do such a terrific job of bringing him down.

What I found in the pages of this book were one-word chapter titles that intrigued me and prompted me to read the book out of order. I found bold and frank writing about what makes a man - from God to life experience. I found pools of wisdom and insight, offerings of logic for understanding my man. This book provoked my thinking and entertained me immensely.

This book makes me want to encourage the wildness in my husband rather than the tame, socially acceptable - and wholly unnatural - idea of manhood. But how will I do that? I'll get my husband to read the book and tell me what he thinks. I'll ask him how I can encourage him to be everything he can be. Sounds like an interesting date night.

Wisdom and Humility Beyond His Years

By Amazon Customer

I didn't get a review copy in the mail, but I pre-ordered the book. The title intrigued me and I read tons of men's ministry books, reviewing them for an Episcopal organization.

Among the books I've read though, none has made me as determined to put it in the hands of the men around me as this one. I am as grateful to John Eldredge and Robert Bly as Xan is. But there is in Xan's journey something that touches even deeper hungers.

What appeals most to me is that the author sees beyond the wilderness to its purpose in us. He isn't a fan of wilderness for its own sake, but for what it teaches. He isn't a fan of male companionship in itself, but for the need that it, and it alone, can satisfy.

Xan Hood's humility throughout the book is totally disarming and inviting. No man reading it need be put off by the way way he finds himself there. At the same time, very little of a modern man's struggle is left unrevealed, and so it will challenge the reader on many, many levels.

I am glad that my son's generation will have someone as wise as Xan Hood to help lead them into manhood in this brave new world.

Not for me.

By wadr

Interesting topic. Only 4 and 5 star reviews. But I just didn't get it. Read the first few chapters and thought, okay, maybe the author is just providing the setting. A third of the way through, I was still waiting for something significant, some substance. The revelations seemed, well, un insightful, even contrived. But perhaps I am not the intended audience. Maybe I'm not manly enough (I'm a mid-forties male with a teenage son). I can live my whole life without initiating a discussion on masculinity. There are many paths to maturity (a more important quality to me) which do not require a rifle. Hard work is not a mystery to me.

I still wanted to like this book and give it a chance, so I tried some random chapters, hoping to find something worthwhile. In all, I read about fifty percent of the book before giving up. Perhaps the other half of the book is the "good stuff." I may eventually get around to it, but from what I've read, I'm not recommending it to my son, yet. Or maybe he is the intended audience and will find some wisdom in its pages.
