Must have

By Amanda

This is a must have for your home bar. It's better than the other books because it lays flat and is laminated.

Has what you need

By Surf

Purchased for my son, for bartending school and after, this has about every recipe you need. It's not a big book, which works well. You know, I thought I remembered that this was on a sort of ring binder, which made it even better as it would always lie flat. I hope I'm not wrong about that as it's been awhile since I purchased it, but I do remember being happy about that. If I'm wrong, sorry! :)
