Young Jawad, born to a traditional Shi'ite family of corpse washers and shrouders in Baghdad, decides to abandon the family tradition, choosing instead to become a sculptor, to celebrate life rather than tend to death. He enters Baghdad's Academy of Fine Arts in the late 1980s, in defiance of his father's wishes and determined to forge his own path. But the circumstances of history dictate otherwise.

Saddam Hussein's dictatorship and the economic sanctions of the 1990s destroy the socioeconomic fabric of society. The 2003 invasion and military occupation unleash sectarian violence. Corpses pile up, and Jawad returns to the inevitable washing and shrouding. Trained as an artist to shape materials to represent life aesthetically, he now must contemplate how death shapes daily life and the bodies of Baghdad's inhabitants.

Through the struggles of a single desperate family, Sinan Antoon's novel shows us the heart of Iraq's complex and violent recent history. Descending into the underworld where the borders between life and death are blurred and where there is no refuge from unending nightmares, Antoon limns a world of great sorrows, a world where the winds wail.

The Corpse washer... The Pomegranate Alone... It is what it is! We all are Jodi!

By Amir Al Shammari

The Corpse washer, this novel of Sinan Antoon that it is translated from its Arabic version titled "The Pomegranate Alone" by him too to English, and as I read it couple of times and now having it in English, the same feelings that struck my high walls of isolation and demolished them to appear naked as the reality is naked, bitter and painful!

Reading and absorbing the main character in this novel "Jawad or Jodi" let me think, and to believing this story is not fiction, I felt him, lived his questions, transformed myself to this character, and after I finished the reading, I was naked again, felt of huge emptiness, indeed I just want to go back between the words to find myself, yes it is sorrow, fear, and pain but whenever I read any chapter, I feel I am standing next to Jodi, as his close friend that he will never die and will never leave him alone!

This novel, the corpse washer is a must to read, if you want to see Iraq and get the picture from another corner, this novel will help you, and it is highly recommended!

love from the first page!!

By sawsen alameri

Although I am no longer a novel reader as I used to be when I was younger but this book was an exception! I bought it when I heard the author in an interview on NPR and I was impressed by the dialogue and felt compelled to order the book and read it. I am an iraqi teacher who left Iraq right after the first Gulf war just like the author and I lived and witnessed most of the events in the story!! However, you don't need to be Iraqi to appreciate the novel because it is a master piece beyond description. I was quite taken by the book for days and weeks!

I highly recommend it.

a brilliant, lyrical piece of prose.

By kathryn coughlin

An astonishingly beautifully written novel about life during post-Saddam Iraq at the height of sectarian violence. Eloquently captures the devolution of civil society into "us" and "them."
