SO MUCH to fit into a small book, but here it is in simple form- Feel Love, Trust, Forgive and Change YOUR Life!

By condoguy

When you are working and constantly learning in a field of study (psychologies), and concurrently struggling your way through issues within your personal life, love life, and your tribe, is it really possible to have the answers miraculously appear to you? Not Likely!

For for this lucky man, the "nugget for which I had been unknowingly searching" appeared finally before me after some bullying and cajoling by a persistent and good masseuse friend! Thank you Ally!

This was my experience with this book and Dr. Annette Cargioli's Emotional Polarity Technique. After training in, and studying Rieki 1 & 2, Hypnotic Regressions, Holographic Repatterning, Relationships, Chakras and Chakra Balancing, Chinese Meridians, various forms of body work, massage, reflexology, a

myriad of healing modalities, and some other "difficult to navigate" methods for nearly 5 years, in one single seminar with Dr. Annette, I saw the clarity, ease of application, the relief which was immediate, and I became a believer.

Almost 14 years later I am still actively a believer for all the amazing changes I have seen in peoples life's in such an immediate way.

This is a technology that like Transactional Analysis, has the goal of 'curing" the clients, not just "understanding" them with endless conversations, like so many other "talking therapies!" (Yet I believe all therapies have value). For that reason, patient management is minimalized and referrals are increased, better yet, satisfaction is off the charts.

This book is written in an anecdotal and simple form for both the novice seeking help and understanding, and as a guide to assist working or aspiring new practitioners.

This is a truly amazing author and lady, whose purpose (as you can see) is NOT about simply making money, but sharing a wealth of information and healing technology to any who will open to listen and learn, and maybe even the birth of a meme!

I personally know of families that have broken through financial distress issues to success, children who went from average students to top few % of their classes after minor work, couples facing break-ups and divorces that remain today happily together and these successes are with less than 3 sessions and often less. I have seen chronic pain gone in a single session, and even diseases disappear with a balanced approach! Many things I never would have thought possible have materialized to reality.

The accuracy with which this technology allows a practitioner to find the "Original conditioning event" or "root of the issue" has the accuracy of William Tell's archery arrow!

Read, it, try it, and invite beneficial changes into your life by experiencing it, or become part of a soon-to-be worldwide movement to share benefits for betterment.

There IS something much bigger in understanding that a practitioner exhibiting unconditional love towards the best outcomes for you, has an exponentially greater effect than trying to tap yourself out of a dither (although at times that can also work). Love and forgiveness are very powerful ingredients to leave on the table with other methods (why would you exclude them?) when they are integral to the Emotional Polarity Process and experience. Be informed, then become experienced!

A quick and easy read, with reference materials that you can initially ignore, but which are there for you as your interests increase and are at your fingertips if you choose to take advantage of that simplicity.

It is a useful tool to both lay beginners all the way through ...

By Sherry P Hamilton

I'm Annette's sister, Sherry. The information in this book is simple and complex. It is a useful tool to both lay beginners all the way through advanced psychology professionals. This is Annette's story of the development of her technique as well as the technique itself. The book is step by step why and how to move energy using your emotions. If you thought you were stuck in depression or angry over an unexpected life event, then think again. Learning and practicing Emotional Polarity Technique can give you a whole new perspective of what you used to believe. Your new perspective actually changes the way you feel. I have been using, learning and teaching it from my first experience of Annette working on me. That very first experience of healing left me feeling so much better, and relieving my physical, mental and emotional stress that I wanted more and more. From the beginning I was fully aware this saved my life and I wanted to learn this for my children and for my grandchildren. It has helped me cope, grow, and live a more vibrant life. I know that regular and continuing use of the system of Emotional Polarity Technique never disappoints me, and more often leaves me astounded again and again! I am currently the main trainer for EPTworks seminars and I look forward to meeting you and working with you soon!...EPTworksHuntsville.com
