THE SPADES CLUB: WHERE INTERRACIAL HOTWIFE AND CUCKOLD FANTASIES BECOME REALITY BY MICHAEL O'ROURKE, DAWN O'ROURKE PDF

The Spades Club is not your ordinary club. It's a swingers club... of sorts. The Club caters to white couples in which the female desires the company of hot well hung black men. The club has two areas dividing it in half, they are the Hotwife side and the Cuckold Side. Interracial debauchery abounds on both sides, each with their own special flavors.

The story focuses on Tom and Sheri who are your average American couple. Like many couples in their mid 30's, their life (particularly their sex life) has become stale and unimaginative. Sheri is a fiery redhead and a reformed party girl whose repressed lust for adventurous sex is about to be re-awakened in the Spades Club.

The book is over 35,000 words and is a very hot and steamy read featuring BBC, cuckolding, gangbangs, creampie and countless other illicit acts of sex.

After reading this book you will be lusting for your own local Spades Club and may spend hours searching online just to make sure you have not over looked something exotic hidden in your own back yard!

One Hot Story

By missy

I have just finished reading "The SPADES CLUB", and all i can say is 'where is the one in my town', because i want to join as quick as I can. It is a wonderful story that is full of the love and understanding between two people who see their marriage evolve into something deeper and more profound then either of them thought was possible.

i thouroughly enjoyed it and look forward to reading more of Michael and Dawn's creative genius. I can only hope for the same exciting lifestyle that they seem to enjoy to become the standard of my own.

Sincerely,

-missy

A complete novel that builds beautifully to its climax

By Sally Bend

I don't know whether Michael & Dawn O'Rourke have ever lived the scene or whether they just have a vivid fantasy life, but I absolutely loved their take on cuckolding.

The length of the tale here allows for a complete story arc, with a nice progression from curiosity, to experimentation, to complete immersion in the scene. That build-up is important, because it lends the tale a sense of realism, allowing us to believe that a happy marriage can descend so deeply into wanton, swinging, cuckolding abandon. It all begins when Sheri discovers the interracial sites her husband frequents late at night, and quickly escalates when a girls night out goes a little wild, making her a voyeur to her best friend's act of cuckolding, and exposing her to the existence of The Spades Club. It's then, through a series of confrontations, denials, teases, and hints that she convinces her husband to willingly take her there. Sheri and Tom come across as realistic characters – a slightly bored husband and wife who are looking to spice things up, each in their own way. There's no force involved, no blackmail, and no empty threats of ending the marriage. Instead, Sheri seduces her husband into the cuckolding lifestyle, picking up on his interracial fetish and slowly bending it to her will with some relaxed inhibitions, some shared toy play, a little surprise snowballing, and lots of dirty talk.

Their first visit to The Spades Club is really a fact-finding mission, allowing them to understand how it works, what's involved, and what would be required were they to attend as more than just curious guests. She is immediately hooked, and once she watches her best friend's happily husband cleaning and fluffing a pair of back bulls, she's certain she wants to push her husband all the way . . . but she also needs him to believe it's as much his idea as hers. When they return for their first visit as members, Sheri's dressed in a revealing outfit she had her husband buy for just that purpose, and he's wearing the pink panties and white apron required of all committed cuckolds.

Before the night is out, both will find their limits tested, their boundaries pressed, and themselves happily gobbling down one black load after another - both fresh and second-hand.

The first half of the book is very erotic and suggestive, with the act of cuckold submission more a promise than a fact, but the second half is sexual and explicit, with no element of the scene left unexplored. Normally, I come away from even the best cuckolding stories wanting more, but The Spades Club was completely satisfying. It's a complete novel that builds beautifully to its climax, providing the ultimate payoff for readers who lust after the wanton hotwife experience, and for those (like myself) who crave the total submission of a cuckold to his wife and her black bull lovers. It's sloppy, it's dirty, and it's a whole lot of erotic fun.
