As right here, we will certainly show you a book need to be read. This e-book Walking The Wild Side: The Life Of A Sex Tourist By Allan Dudson is the choice.

About the Author

I was born in 1970 in the East Midlands of the U.K. I first visited Thailand in 1996 at the age of twenty-five. I began to write the book, 'Walking the wild side' in 2002 because when I told a select few of my family and friends about what I got up to in Thailand, they would always listen with interest. I tried at the time to publish the old fashioned way by sending the manuscript to many publishers and none of them were interested unless I were to hand over thousands of pounds that I didn't have, and so I stored the file to a compact disc and forgot about it for years. I found the disc at the start of 2015 in a box in the shed at the bottom of the garden and up-loaded it to my laptop. Because the file was on an old version of 'word' done on an old P.C. using Windows 98, the text was all over the place with lot's of strange symbols all over it. I spent some time cleaning it up and finally got to read the main manuscript. It brought back loads of great memories as I read through it. I then decided to publish through Amazon as I was completely void of any funds... and the rest is history, as they say... Allan Dudson.

WALKING THE WILD SIDE: THE LIFE OF A SEX TOURIST

BY ALLAN DUDSON PDF

CONTENT WARNING. Please be aware that this book contains scenes that are extremely explicit and of a sexual nature, with explicit language and topics including prostitution. A reflection of events that happened to a young man in his mid-twenties over numerous visits to Thailand between 1996 and 2002. A path towards self discovery and the discovery of his surroundings, with many comical events and complicated relationships that finds our man becoming quite close to insanity. A mature read as the awareness of sexuality of himself and others becomes apparent. A transformation from a nice young man as his eyes are forced open to see and experience some unbelievable episodes. My accounts as I recall all of the things that happened to me between these dates.

CONTENT WARNING: Although this is an interesting and even ...

By farmer tim

CONTENT WARNING: Although this is an interesting and even titillating read, readers should be aware that the author (this is a first-person narrative) describes himself raping at least four different women. None of these incidents were violent; instead they all involved capacity-to-consent issues (not that that excuses the author's alleged* behavior or makes it any less of a rape). I'm not sure whether the author even realizes these were rapes (and some readers may not either), but I include the warning here in case potential readers may be offended or disturbed. Of course, it is probably clear that this book is extremely sexually explicit and centers on the prostitution industry, so potential readers should also gauge their tolerance for that kind of content. As another reviewer noted, grammar and spelling errors were all over the place, but it didn't detract too much

from readability.

*(I say "alleged" because it's tough to tell whether the story is true or fiction. The author's descriptions are fairly typical of what happens in Bangkok and Pattaya, and while I did recognize the names of streets, I have not - in my limited experience - come across any of the specific bars or hotels mentioned in the book.)

While not having at all gone to the extreme of ...

By Mark F

While not having at all gone to the extreme of this book during my couple of visits to Thailand, the book has been a laugh and thoroughly enjoyable, and many of the situations I can totally relate to. The author is quite candid and very honest, even to the point of self deprecation and with no regard to ego will describe his thought process, no matter how embarrassing it would be for the average man. I found this honesty to be quite refreshing, really. Bravo.
